

VaultZombie Terms and Conditions

Last updated: September 12, 2026

These Terms and Conditions ("Terms") are a binding agreement between you and Zombie Platforms LLC ("Zombie Platforms," "VaultZombie," "we," "us," or "our") governing your use of the VaultZombie website at vaultzombie.com and the VaultZombie web application (together, the "Service").

Please read Section 22 carefully. It requires most disputes to be resolved by binding individual arbitration and waives your right to participate in a class action, subject to the exceptions and opt-out described there.

By creating an account, purchasing a plan, submitting a prediction, or otherwise using the Service, you agree to these Terms and to our Privacy Policy. If you do not agree, do not use the Service.

Zombie Platforms LLC
4009 W. Heffron Drive
Burbank, CA 91505
United States
Legal contact: legal@zombieplatforms.com

1. Definitions and roles

- **Host.** A person who creates an account and builds or manages a vault, including a recipient who takes over a gifted vault.
- **Guest.** A person who answers prompts at an event through a QR code or link, without an account.
- **Gifter.** A person who buys a vault as a gift for someone else.
- **Administrator.** VaultZombie staff, currently the owner of Zombie Platforms LLC.
- **Vault.** A collection created for a life event that holds sealed predictions and unlocks them on a schedule.
- **Sealed content.** A prediction that has not yet reached its reveal date.
- **Feedback.** A voluntary response you give to a feedback card inside the Service, including a rating or choice and any optional comment.

2. Eligibility and age

The Service is available worldwide, subject to the following age rules:

- You must be at least 13 years old to use the Service or submit any information through it. This is our global minimum.
- Where your local law sets a higher digital-consent age, and you are below that age, you may use the Service only with the consent of a parent or guardian.
- You must be at least 18 years old to create an account, purchase a plan, or redeem a gift, because doing so forms a contract.
- Guests between 13 and 17 may take part where permitted, and with parental or guardian consent where local law requires it.

By using the Service you represent that you meet these requirements.

3. Accounts

Hosts sign in through our authentication provider. You are responsible for keeping your sign-in credentials secure and for all activity under your account. Provide accurate information, and let us know promptly if you believe your account has been accessed without your permission. We may suspend or close an account that violates these Terms.

4. The Service

VaultZombie lets a host create a vault for a life event, invite guests to submit sealed text predictions, and have those predictions unlock on a schedule the host chooses. The host records outcomes at each reveal, and a "who knew you best" scoreboard tracks who called it. Predictions are text, numbers, or choices only. There is no video or audio, and there is one optional cover photo per vault on paid plans.

We may change, improve, or discontinue parts of the Service. We will try to give reasonable notice of significant changes where we can.

5. Plans, pricing, and payment

VaultZombie is sold as one-time purchases. There are no subscriptions. The current plans are:

- **Lockbox (free):** up to 10 guests, short reveal schedules, runs up to 3 months.
- **Safe (\$19):** up to 50 guests, more schedules, runs up to 3 years.
- **Vault (\$39):** up to 100 guests, all schedules, runs up to 5 years.

- **Deep Vault (\$59):** up to 250 guests, all schedules, runs up to 10 years, plus a milestone reveal.

Prices are in US dollars and may change; the price shown at checkout is the price that applies to your purchase. You are responsible for any taxes that apply. Payments are processed by Stripe through Stripe Checkout, and your card details are handled by Stripe, not by us.

6. Guest limits and the soft cap

Each plan sets a guest limit. If a live event goes over its limit, we will still accept the additional answers during the event so that no guest is turned away mid-celebration. Afterward, we will let the host know and offer an upgrade. If the host upgrades, all answers are kept. If the host declines, the answers over the limit are permanently removed, starting with the most recently submitted ones. This behavior is part of the Service you agree to.

7. Gifting and redemption

A gifter may buy the Safe, Vault, or Deep Vault plan as a gift and will receive a single-use redemption code and a printable gift card. Redemption codes do not expire and are tied to the plan purchased. When the recipient redeems the code, the recipient becomes the host of that vault and builds their own prompts, and the gifter is notified that the vault was activated. A redemption code has no cash value and cannot be exchanged for cash.

8. Refunds

Because a vault is digital content that can be built and sealed right away, sales are generally final once a vault has been created and sealed. That said, we want you to be satisfied, and we may provide a full refund at our discretion, in particular for an unredeemed gift code or an unused purchase. To ask about a refund, email legal@zombieplatforms.com.

If you are a consumer in a jurisdiction that grants a statutory right of withdrawal or cooling-off period for digital content (for example the European Union or the United Kingdom), that right applies. By starting to build or sealing a vault before that period ends, you request that we begin providing the digital content immediately and you acknowledge that you may lose the right of withdrawal for content already delivered. Nothing in this Section limits any refund or cancellation right you have that cannot be waived under the law that applies to you.

9. The sealed promise, and the administrator exception

The heart of VaultZombie is that a prediction stays sealed until its reveal date. No guest, host, or gifter can open a prediction before then, and dashboards show counts and status, never the words inside a sealed prediction.

You should also know, and by agreeing to these Terms you acknowledge, that the owner of VaultZombie holds a limited administrative control that can open a vault early. This control is protected by multi-factor authentication, requires a typed confirmation and a written reason, and is recorded in an immutable audit log every time it is used. Because opening a vault makes its contents readable, the administrator can, in those limited cases, read that content. We may use it for reasons such as testing, complying with a legal requirement, or responding to a request from the family of a deceased host. No host, guest, or gifter has any path to this control. This is the single exception to the sealed promise, and we disclose it here rather than advertise it.

10. Data backup

We keep an owner-held backup of our full dataset, including sealed predictions, so that we can recover or move the Service. As described in our Privacy Policy, this backup is stored as plain text in a private repository with restricted access. By using the Service you acknowledge this backup exists.

11. Your content, feedback, and the licenses you grant us

11.1 Your Content

"Your Content" means the prompts, names, dates, notes, cover photos, and predictions that you or your guests submit. Feedback is covered separately in Section 11.2 and is not Your Content.

You keep ownership of Your Content. You grant Zombie Platforms LLC a worldwide, non-exclusive, royalty-free license to host, store, process, reproduce, adapt for display, and transmit Your Content solely to operate and provide the Service to you and your guests, including sealing predictions, unlocking them on schedule, generating reports, and sending the emails described in our Privacy Policy. This license lasts as long as we hold Your Content to provide the Service and ends when the content is deleted, except for copies retained in backups or as required by law.

You represent and warrant that you have the rights needed to submit Your Content, including any names of other people, any business names, and any cover photo, and that Your Content does not violate anyone's privacy, publicity, or intellectual property

rights. Do not include another person's sensitive personal information without a proper basis.

11.2 Feedback

From time to time the Service may show you a short feedback card, to a host after sealing a vault or to a guest after submitting predictions. Responding is entirely voluntary, and declining or closing the card has no effect on your access to the Service or on anything you have already submitted.

As described in our Privacy Policy, a feedback response is stored without any identifying information, so we cannot tell who gave it.

If you do give Feedback, you grant Zombie Platforms LLC a worldwide, perpetual, irrevocable, royalty-free, sublicensable license to use, reproduce, adapt, publish, and otherwise exploit that Feedback for any purpose, including operating, evaluating, marketing, and improving the Service and developing new features, without attribution, compensation, or any obligation to you. You waive any claim that a product change reflects your Feedback, and nothing you send as Feedback creates a confidential relationship between us.

Because Feedback is stored with no identifier, this license is not one we can trace to you and we cannot remove an individual response on request. For that reason, **do not include your name, anyone else's name, contact details, account details, or any sensitive personal information in a feedback comment.** A feedback card never asks for any of these. If you need to reach us about your account, email legal@zombieplatforms.com rather than using a feedback card, since we cannot reply to a feedback response.

12. Acceptable use

You agree not to:

- Use the Service for anything unlawful, or to submit content that is harassing, hateful, defamatory, obscene, threatening, or that infringes anyone's rights.
- Attempt to read, reach, or reveal sealed content before its reveal date, or otherwise defeat the sealed-content rule.
- Scrape, flood, or overload the Service, submit automated entries, or circumvent our rate limiting, guest caps, or honeypot protections.
- Upload another person's private information, or a photo that reveals someone's location or identity, without their consent. This includes putting another person's personal information into a feedback comment.

- Upload a cover photo through any means other than the single per-vault upload the Service provides, or attempt uploads as a guest.
- Interfere with, probe, or reverse engineer the Service, or introduce malware.
- Misuse a guest link or redemption code, or use the Service in a way that infringes our or a third party's rights.

We may remove content or suspend access for conduct that violates this Section.

13. Guest access and links

A guest link or QR code is a bearer link: anyone who holds it can submit predictions to that vault, which is by design so guests never need an account. The link is write-only, meaning it can add a prediction but can never read one back. Hosts should share guest links responsibly. We are not responsible for predictions submitted by anyone who obtains a shared link.

14. Intellectual property

The Service, including the VaultZombie name, logo, mascot, wordmark, design, question banks, and site content, is owned by Zombie Platforms LLC or its licensors and is protected by intellectual property laws. We grant you a limited, non-exclusive, non-transferable, revocable license to use the Service for its intended purpose under these Terms. You may not copy, resell, or create derivative works from the Service or its content except as the Service allows or as we permit in writing. Cover art provided in our built-in library is offered under its own open-content license terms.

15. Third-party services

The Service relies on third-party providers, including Clerk, Stripe, Resend, Replit, and GitHub. Your use of features powered by these providers may also be subject to their terms. We are not responsible for the acts or omissions of third-party providers.

16. Disclaimers

The Service is provided "as is" and "as available," without warranties of any kind, whether express, implied, or statutory, including implied warranties of merchantability, fitness for a particular purpose, and non-infringement, to the fullest extent permitted by law.

Predictions submitted through the Service are user-generated and are meant for entertainment and keepsake purposes. We do not endorse, verify, or take

responsibility for the content or accuracy of any prediction, prompt, name, or outcome. We do not guarantee that the Service will be uninterrupted, error-free, or secure, or that a scheduled email will always arrive on time. While we design the Service so vaults unlock reliably and we keep backups, we do not guarantee against loss of data.

Some jurisdictions do not allow the exclusion of certain warranties, so some of the above may not apply to you.

17. Limitation of liability

To the fullest extent permitted by law, Zombie Platforms LLC and its owner will not be liable for any indirect, incidental, special, consequential, exemplary, or punitive damages, or for any loss of data, profits, goodwill, or the premature or delayed disclosure of a prediction, arising out of or relating to your use of the Service, whether based in contract, tort, or any other theory, even if we have been advised of the possibility of such damages.

To the fullest extent permitted by law, our total liability for all claims relating to the Service will not exceed the greater of the amount you paid us for the Service in the twelve months before the claim, or twenty US dollars.

Some jurisdictions do not allow certain limitations of liability, so some of the above may not apply to you, and nothing in these Terms limits liability that cannot be limited under the law that applies to you.

18. Indemnification

You agree to indemnify and hold harmless Zombie Platforms LLC and its owner from any claims, damages, losses, and reasonable legal costs arising out of Your Content, your use of the Service, or your violation of these Terms or of any law or third-party right. This Section does not apply to the extent a claim results from our own willful misconduct, and it does not apply where the law that governs your use does not permit it.

19. Termination

You may stop using the Service at any time and may ask us to delete your account or a vault by contacting legal@zombieplatforms.com. We may suspend or end your access if you violate these Terms, if required by law, or if we discontinue the Service. When an account or vault is deleted, Your Content is removed from the live Service, subject to copies retained in backups or as required by law. Feedback given under Section 11.2 is not removed, because it carries no identifier connecting it to you and cannot

be located. Sections that by their nature should survive termination, including Sections 11, 14, 16, 17, 18, 21, and 22, will survive.

20. Changes to these Terms

We may update these Terms from time to time. When we do, we will change the "Last updated" date above, and for material changes we will provide a more prominent notice where appropriate. Your continued use of the Service after an update means you accept the revised Terms.

21. Governing law

These Terms and any dispute arising out of or relating to them or the Service are governed by the laws of the State of California, without regard to its conflict-of-laws rules. Subject to Section 22, the state and federal courts located in Los Angeles County, California have exclusive jurisdiction, and you consent to that jurisdiction and venue. If you are a consumer, this does not deprive you of the protection of the mandatory laws of the country where you live.

22. Dispute resolution, arbitration, and class action waiver

Please read this Section carefully. It affects how disputes are resolved.

22.1 Informal resolution first

Before starting a formal proceeding, you agree to try to resolve the dispute with us informally. Send a written description of the dispute and your contact details to legal@zombieplatforms.com. We will try to resolve it within 30 days. Many disputes can be settled this way.

22.2 Binding arbitration

If we cannot resolve a dispute informally, you and Zombie Platforms LLC agree that any dispute arising out of or relating to these Terms or the Service will be resolved by final and binding individual arbitration, rather than in court, except as stated below. Arbitration is less formal than a lawsuit in court, uses a neutral arbitrator instead of a judge or jury, and allows for more limited discovery. The arbitrator can award the same damages and relief that a court can award on an individual basis, and must follow these Terms.

22.3 Class action waiver

You and Zombie Platforms LLC agree that each may bring claims against the other only on an individual basis, and not as a plaintiff or class member in any purported

class, collective, or representative proceeding. The arbitrator may not consolidate more than one person's claims and may not preside over any form of a class or representative proceeding.

22.4 Exceptions

Nothing in this Section prevents either party from bringing an individual claim in small-claims court, or from seeking injunctive or other equitable relief in a court of competent jurisdiction to protect intellectual property or to stop unauthorized access to the Service or premature disclosure of sealed content.

22.5 Your right to opt out of arbitration

You may opt out of the arbitration agreement and the class action waiver in Sections 22.2 and 22.3 by emailing legal@zombieplatforms.com within 30 days of first accepting these Terms, stating your name and that you opt out of arbitration. If you opt out, the disputes covered by this Section will instead be handled by the courts identified in Section 21.

22.6 Consumers outside the United States

If you are a consumer and the law of the country where you live does not permit pre-dispute arbitration agreements or class action waivers, then Sections 22.2 and 22.3 do not apply to you to the extent they are not permitted, and you retain your mandatory local rights, including the right to bring proceedings in the courts of the country where you live. This Section applies only to the extent permitted by the law that applies to you.

23. General

- **Entire agreement.** These Terms and our Privacy Policy are the entire agreement between you and us about the Service and replace any prior agreement on that subject.
- **Severability.** If any part of these Terms is found unenforceable, the rest remains in effect.
- **No waiver.** Our failure to enforce a provision is not a waiver of it.
- **Assignment.** You may not assign these Terms without our consent. We may assign them in connection with a merger, acquisition, or sale of assets.
- **Force majeure.** We are not liable for delays or failures caused by events beyond our reasonable control.
